

**PRODUCT TYPE**

Granite

**ORIGIN**

Andhra Pradesh, India

Indian Premium Black Satin is quarried in a boulder quarry near the town of Warangal, in the state of Andhra Pradesh, India. The size and color of each block is fairly consistent and will have minimal variation. This granite has a brushed finish which gives it a slight texture. The grain structure can change in this granite from shipment to shipment, sometimes showing an open, larger grain and at other times a tighter structure. Because it is such a dense stone, and there are minimal micro fissures and pitting, no resin is applied to the surface. Arizona Tile offers Indian Premium Black in polished and honed finishes as well, to help accentuate any design. As a natural stone product, it is recommended that it be sealed to extend its longevity.

**STOCKED FINISH**

Satin

**GEOLOGICAL ERA**

Archean-Proterozoic  
(544-2500 million years ago)

This granite is also known as Absolute Black, Jet Black, or Luna Nero.

**STOCKED SIZES**

3/4" (2cm slab)

1-1/4" (3cm slab)
