

**PRODUCT TYPE**

Granite

**ORIGIN**

Andhra Pradesh, India

Indian Premium Black is cross-referenced as Absolute Black and is quarried in a boulder quarry near the town of Warangal in the state of Andhra Pradesh, India. The size and color of each block is fairly consistent between the slabs and tile and will have minimal variation. Because it is such a dense stone, and there are minimal micro fissures and pitting, no resin is applied to the surface. Arizona Tile offers Indian Premium Black in both polished and honed finishes to help accentuate any design. As a natural stone product, it is recommended that it be sealed to extend its longevity.
