

## ARIZONA TILE

## CONCRETE GREY

**PRODUCT TYPE**

Quartz

**ORIGIN**

Czech Republic

**SIZES**

3/4" (2cm slab)

1-1/4" (3cm slab)

**RECOMMENDED USES**

Commercial

Residential

Interior Floor

Countertops

Interior Wall

Showers

**SLAB SIZE**

126"x61"

Concrete Grey is a warm grey quartz that is reminiscent of natural limestone or concrete. With its subtle, organic detailing throughout, Concrete Grey takes on the visual characteristics of natural stone. However when installed, this material is very suitable to concrete-look installations as well. Della Terra® Quartz, a natural quartz surface, is a blend of nature and technology. It consists of up to 94% quartz, one of the hardest minerals in nature. Color controlled quartz is blended together with technologically advanced polymers. Della Terra® Quartz surfaces are ultra-durable, resistant to scratches and chipping, plus its dense composition makes it highly resistant to staining. During fabrication, it is recommended to use denatured alcohol rather than acetone to clean quartz slabs. However, if acetone is used, it should first be applied with a rag, wiping on and off immediately.
