

## ARIZONA TILE

## GRIGIO NUBE

**PRODUCT TYPE**

Quartz

**SIZES**

3/4" (2cm slab)

1-1/4" (3cm slab)

**SLAB SIZE**

126" x 61"

**RECOMMENDED USES**

Commercial

Residential

Interior Floor

Countertops

Interior Wall

Showers

**MADE IN ITALY**

Grigio Nube is an Italian-made, warm grey quartz with organic detailing throughout. The variation in grey colors within the slab give Grigio Nube a textured look. Della Terra® Quartz, a natural quartz surface, is a blend of nature and technology. It consists of up to 94% quartz, one of the hardest minerals in nature. Color controlled quartz is blended together with technologically advanced polymers. Della Terra® Quartz surfaces are ultra-durable, resistant to scratches and chipping, plus its dense composition makes it highly resistant to staining. During fabrication, it is recommended to use denatured alcohol rather than acetone to clean quartz slabs. However, if acetone is used, it should first be applied with a rag, wiping on and off immediately. Please note that textured finishes can require more daily maintenance than polished surfaces. This can be more apparent with darker colors. For more information, including recycled content and certifications, please visit our website at [www.arizonatile.com](http://www.arizonatile.com).

\* Small white spots, approximately the size of pencil erasers, are common on the Rodi and Grigio Nube slabs. This is not a defect and is a regular part of these slab colors.
