

SAHARA BEIGE

STONE TYPE

Marble

FINISH

Polished

ORIGIN

Baluchistan, Pakistan

SIZES

12" x 12" x 3/8"

18" x 18" x 1/2"

3/4" (2cm slab)

GEOLOGICAL ERA

Jurassic

(144-206 million years ago)

RECOMMENDED USES

Commercial & Residential

Interior & Exterior

Floor & Wall

Backsplashes

Fireplaces

Tub Surrounds & Showers

Vanities

Sahara Beige is quarried from a bedrock quarry in Baluchistan, Pakistan.

It is a softer stone, and may be susceptible to scratching or abrasion.

There will be noticeable variations in color and movement between pieces. Therefore, it is important and recommended that a range of

this product be viewed before finalizing a purchase. It is a common

characteristic for this stone to have voids in the raw material. Before it

reaches the polishing stages, these voids are filled with a polyester resin.

Depending on how deep the void is, the resin may shrink as it dries,

leaving the surface of the filled area slightly lower than the rest. This does

not affect the durability, maintenance or beauty of the stone. Finally, a

mesh backing is adhered to the stone. As a natural stone product it is

recommended that it be sealed to extend its longevity.

NSF indicates this product conforms to the requirements of NSF/ANSI Standard 51, thereby meeting the health and sanitation requirements for materials used in areas of food preparation.

SIZE	PIECES/BOX	SF/BOX	UNITS/PALLET	SF/PALLET
12" x 12" x 3/8"	10	10	36 boxes	360
18" x 18" x 1/2"	6	13.5	8 or 16 boxes	108 or 216

Standard packaging quantities are noted above, but variances may occur.

Please view actual stone when making your selection, as the images on this page are only representative.
