Aspen Paper Birch
Aspen Sequoia

STOCKED SIZES

6" x 36" x 10mm

RECOMMENDED USES

Commercial
Residential
Interior Floor
**Exterior Floor
Countertops
Interior Wall
Exterior Cladding
Fireplaces
Showers
Steam Showers
Pool & Spa (waterline)

DYNAMIC C.O.F. WET: ≥0.42

P.E.I. RATING: 4

FROSTPROOF: Yes

**DCOF Rating is a measurement of a tiles frictional resistance. It is the specifier's responsibility to ensure the chosen tile is appropriate for each interior and exterior application.

The Aspen Series is a rectified color body porcelain. Made to emulate wood planks, the Aspen series provides a natural visual element to any design. Its soft grain pattern adds interest and texture and enhances the beautiful variation within the series. Because this material is a porcelain product, minimal maintenance is required. Aspen Series is available in 6" x 36" planks and six colors. Piece to piece variation in shade or color are inherent in all fired clay products; therefore, it is recommended to mix tiles from several boxes at a time during installation to achieve the best range of color. When mixing sizes within a series, shade, texture and calibration differences should be expected. This series is suitable for residential and commercial applications. For proper bonding, medium bed mortar should be used when installing tiles with a dimensional length greater than 15", and rectangular shape and plank tile, per industry standards. Proper thinset coverage is also necessary, and in some cases, back buttering of tile may be required.

When installing rectangular or square tiles 15 inches or longer with a staggered joint, it is recommended that the offset should not exceed 33%, unless otherwise specified by the manufacturer.
