### P.E.I. RATING: 5

FROSTPROOF: Yes

D.C.O.F. WET: ≥0.42

### SPECIAL ORDER SIZES

12 x 24 x 10mm  
12 x 24 x 10mm R11 Anti-Slip Finish  
24 x 48 x 10mm

\*Special Order Item:

Please contact your sales representative or any Arizona Tile location for more details.

The Fusion Series is a rectified color body porcelain that is produced to be a simple and modern option for all applications. It is available in four colors, with slight variation between pieces, that provide an industrial and commercial aesthetic to any environment. When mixing sizes within a series, shade, texture and calibration differences should be expected. Because this material is a porcelain product, minimal maintenance is required. This series is suitable for residential and commercial applications.

For proper bonding, LHT/LFT mortar for large format and heavy tiles should be used when installing tiles with a dimensional length greater than 15", and rectangular shape and plank tile, per industry standards. Proper thinset coverage is also necessary, and in some cases, back buttering of tile may be required.

When installing rectangular or square tiles 15 inches or longer with a staggered joint, it is recommended that the offset should not exceed 33%, unless otherwise specified by the manufacturer.

SIZE	SF/PIECE	PIECES/BOX	SF/BOX	BOXES/PALLET	SF/PALLET
16 x 32 x 10mm	3.4432	4	13.7728	24	330.5472
24 x 24 x 10mm	3.8736	4	15.4944	30	464.8320
2 x 2 x 10mm Mosaic	0.9588	10 sheets	9.588	45	431.46
1 x 12 x 10mm Stagger Stack	0.9555 / sheet	10	9.555	45	429.975
12 x 24 x 10mm	1.9368	5	9.684	48	464.8320
24 x 48 x 10mm	7.7472	2	15.4944	20	309.8880

DCOF rating is a measurement of a tile's frictional resistance. It is the specifier's responsibility to ensure the chosen tile is appropriate for each interior and exterior application.

Standard packaging quantities are noted above, but variances may occur.

Please view actual material when making your selection, as the images on this page are only representative.
