UNICA SERIES

MADE IN ITALY

PRODUCT TYPE
Rectified Through Body Porcelain
Digital Print Technology

STOCKED COLORS
Unica Carbon Matte
Unica Desert Matte
Unica Moon Matte
Unica Stone Matte

STOCKED SIZES
12 × 24 × 10mm
24 × 48 × 10mm
24 × 48 × 10mm R11 Anti-Slip
2 × 2 × 10mm Mosaic

STOCKED TRIM
3 × 12 × 10mm SBN

The inspiration for Unica was a stone that doesn’t exist in nature, taking sedimentary stones like limestone and other minimalistic stones, and adding veining of a basic marble. Unica is a rectified porcelain. Because this material is a porcelain product, minimal maintenance is required. When mixing sizes within a series, shade, texture and calibration differences should be expected. This series is suitable for residential and commercial applications.

For proper bonding, LHT/LFT mortar for large format and heavy tiles should be used when installing tiles with a dimensional length greater than 15”, and rectangular shape and plank tile, per industry standards. Proper thinset coverage is also necessary, and in some cases, back buttering of tile may be required.

When installing rectangular or square tiles 15 inches or longer with a staggered joint, it is recommended that the offset should not exceed 33%, unless otherwise specified by the manufacturer.

P.E.I. RATING: 4
FROSTPROOF: Yes
D.C.O.F. WET: ≥0.42

DCOF rating is a measurement of a tile’s frictional resistance. It is the specifier’s responsibility to ensure the chosen tile is appropriate for each interior and exterior application. Standard packaging quantities are noted above, but variances may occur.

Please view actual material when making your selection, as the images on this page are only representative.
