Sonata is a white quartz with fine grey veining throughout to give the appearance of a natural stone marble. Sonata has a light and clean appearance, a neutral color and compliments a variety of installations. Della Terra® Quartz, a natural quartz surface, is a blend of nature and technology. It consists of up to 94% quartz, one of the hardest minerals in nature. Color controlled quartz is blended together with technologically advanced polymers. Della Terra® Quartz surfaces are ultra-durable, resistant to scratches and chipping, plus its dense composition makes it highly resistant to staining. Della Terra® Quartz should be used for interior surfaces only. During fabrication, it is recommended to use denatured alcohol rather than acetone to clean quartz slabs. However, if acetone is used, it should first be applied with a rag, wiping on and off immediately.
