

**PRODUCT TYPE**

Glass Composite

RECOMMENDED USES

Commercial

Residential

*Interior Countertops

Interior Wall

Shower Walls

STOCKED SIZES

3/4" (2cm slab)

1-1/4" (3cm slab)

STOCKED SLAB SIZE

126" × 63"

*Not recommended for fireplaces. For installation near cook tops and similar heat sources, installer must follow manufacturer recommended spacing requirements as well as thermal insulation adhesive.

DTV-Milano has a creamy white background with thin golden veins with finer web like veins weaving in between falling in a diagonal pattern across the slab. The light, warm tones and patterning of this design gives it an understated sophistication.

Della Terra™ Vitre is a glass composite slab line that reflects a near zero presence of crystalline silica. It's made using a glass-based mixture in which crystalline silica associated with recycled glass may be present. Della Terra™ Vitre surfaces are ultra-durable, resistant to scratches and chipping, plus their dense composition make them highly resistant to staining. Della Terra™ Vitre should be used for interior surfaces only. During fabrication, it is recommended to use denatured alcohol rather than acetone to clean quartz slabs. However, if acetone is used, it should first be applied with a rag, wiping on and off immediately.
