

**PRODUCT TYPE**

Glass Composite

RECOMMENDED USES

Commercial

Residential

*Interior Countertops

Interior Wall

Shower Walls

DTV-Urban has a bright white background with a soft taupe veining that ranges from darker fine, delicate lines to lighter, broader, more pronounced movement. Also hints of gold tones are found alongside some veining as well. The diagonal flow of the veining closely resembles the natural beauty of Calacatta marble.

STOCKED SIZES

3/4" (2cm slab)

1-1/4" (3cm slab)

STOCKED SLAB SIZE

126" × 63"

*Not recommended for fireplaces. For installation near cook tops and similar heat sources, installer must follow manufacturer recommended spacing requirements as well as thermal insulation adhesive.

Della Terra™ Vitre is a glass composite slab line that reflects a near zero presence of crystalline silica. It's made using a glass-based mixture in which crystalline silica associated with recycled glass may be present. Della Terra™ Vitre surfaces are ultra-durable, resistant to scratches and chipping, plus their dense composition make them highly resistant to staining. Della Terra™ Vitre should be used for interior surfaces only. During fabrication, it is recommended to use denatured alcohol rather than acetone to clean quartz slabs. However, if acetone is used, it should first be applied with a rag, wiping on and off immediately.
