

**PRODUCT TYPE**  
Marble/Dolomite

**ORIGIN**  
India

**STOCKED FINISH**  
Satin

**RECOMMENDED USES**  
Commercial  
Residential

**STOCKED SIZES**  
3/4" (2cm slab)  
1-1/4" (3cm slab)

Interior Countertops  
Exterior Countertops  
Interior Wall  
Exterior Cladding  
Fireplaces  
Shower Walls  
Steam Showers

Fantasy Black Satin is a stone that is sourced in India. It is a black stone with white veining and hints of gold scattered throughout the stone. This is a metamorphic stone which evolved from a limestone due to extreme heat and pressure. Due to its hardness, it is well suited for kitchen countertop use. During the finishing process, an epoxy resin is applied to the surface of the stone to fill in any natural pits, cracks or fissures that may exist. It is possible for some of the more minute pits that are too small to effectively hold the resin, to reopen during other finishing stages. However, this does not affect the durability, maintenance or beauty of the stone. Due to the qualities of the stone, the slabs are book-matched; meaning slab one and slab two will be cut and polished to create a mirror image of each other. These are then kept in sequence, which allows for a consistent flow in pattern. As a natural stone product, it is recommended that this be sealed to extend its longevity. Finally, a mesh backing is adhered to the back of the stone to ensure safety while handling and fabricating the slab.
