DT-Diamond Ivory Polished is a Della Terra® Porcelain Slab. Our Della Terra® Porcelain Slabs are a technologically advanced, innovative surface that are available in a wide variety of colors and patterns. The overall appearance of DT-Diamond Ivory Polished has layers of light cream to dark tan. The patterning is similar to the quartz crystals that appear in a natural stone quartzite.

Because this material is a porcelain product, minimal maintenance is required. This product is suitable for residential and commercial applications. The durability of porcelain, including it being resistant to UV light, heat and frost, makes this slab ideal for exterior use.
