DT-Perla Blanc Soft is a Della Terra® Porcelain Slab. Our Della Terra® Porcelain Slabs are a technologically advanced, innovative surface that are available in a wide variety of colors and patterns. The DT-Perla Blanc Soft has an ivory background with slightly contrasting bands flowing horizontally across the slab similar to a Taj Mahal quartzite. Ideal for use in areas where a little pattern is desired yet blends with a wide variety of color palettes.

Because this material is a porcelain product, minimal maintenance is required. This product is suitable for residential and commercial applications. The durability of porcelain, including it being resistant to UV light, heat and frost, makes this slab ideal for exterior use.
