DT-Taj Mahal Polished is a Della Terra™ Porcelain Slab. Our Della Terra™ Porcelain Slabs are a technologically advanced, innovative surface that are available in a wide variety of colors and patterns. Soft ribbons of light cream to dark tan are layered throughout DT-Taj Mahal Polished in a mostly horizontal patterning. Layers of quartz crystals are also seen in this slab, which are typically visible in a natural stone Taj Mahal quartzite.

Because this material is a porcelain product, minimal maintenance is required. This product is suitable for residential and commercial applications. The durability of porcelain, including it being resistant to UV light, heat and frost, makes this slab ideal for exterior use.
