Exterior Cladding

Fireplaces

Shower Wall

Steam Shower

Pool & Spa

*Residential Only

DT-Travertino Halo Matte is a Della Terra® Porcelain Slab. Our Della Terra® Porcelain Slabs are a technologically advanced, innovative surface that are available in a wide variety of colors and patterns. The DT-Travertino Halo Matte has the look of veining and pitting which is typically found in natural stone travertine. The light creamy color adds a soft neutral element to any project.

This slab includes A and B versions which are book-matched; meaning slab A and slab B create a mirror image of each other. These are then kept in sequence, which allows for a consistent flow in pattern. To implement this flow of pattern, slab A and B should be from the same production lot. Because this material is a porcelain product, minimal maintenance is required. This product is suitable for residential and commercial applications. The durability of porcelain, including it being resistant to UV light, heat and frost, makes this slab ideal for exterior use.
