

PRODUCT TYPE

Quartz

RECOMMENDED USES

Commercial

Residential

Interior Countertops

*Interior Wall

Shower Walls

STOCKED SIZES

3/4" (2cm slab)

1-1/4" (3cm slab)

STOCKED SLAB SIZE

139" x 79"

*Quartz is not recommended for fireplaces. For installation near cook tops and similar heat sources, installer must follow manufacturer recommended spacing requirements as well as thermal insulation adhesive.

Calacatta Luna has a crisp white surface traced with fine gold veins and scattered patches of mottled gold. This combination strikes a resemblance to an elegant natural stone marble.

The Della Terra® Quartz, a natural quartz surface, is a blend of nature and technology. It consists of up to 94% quartz, one of the hardest minerals in nature. Color controlled quartz is blended together with technologically advanced polymers. Della Terra® Quartz surfaces are ultra-durable, resistant to scratches and chipping, plus its dense composition makes it highly resistant to staining. Della Terra® Quartz should be used for interior surfaces only. During fabrication, it is recommended to use denatured alcohol rather than acetone to clean quartz slabs. However, if acetone is used, it should first be applied with a rag, wiping on and off immediately.
