

PRODUCT TYPE

Quartz

STOCKED SIZES

3/4" (2cm slab)

1-1/2" (3cm slab)

STOCKED SLAB SIZE

130" x 65"

RECOMMENDED USES

Commercial

Residential

Interior Countertops

*Interior Wall

Shower Walls

*Quartz is not recommended for fireplaces. For installation near cooktops and similar heat sources, installer must follow manufacturer recommended spacing requirements as well as thermal insulation adhesive. Please contact your installer or sales representative for more information.

Portofino Classico Honed is a white quartz with a subdued grey pattern dispersed throughout. The pattern is consistently spread throughout the slab, giving the material an organic appeal and imitating the look of marble. Della Terra® Quartz, a natural quartz surface, is a blend of nature and technology. It consists of up to 94% quartz, one of the hardest minerals in nature. Color controlled quartz is blended together with technologically advanced polymers. Della Terra® Quartz surfaces are ultra-durable, resistant to scratches and chipping, plus its dense composition makes it highly resistant to staining. Della Terra® Quartz should be used for interior surfaces only. During fabrication, it is recommended to use denatured alcohol rather than acetone to clean quartz slabs. However, if acetone is used, it should first be applied with a rag, wiping on and off immediately.

Honed quartz countertops can show residue from use and cleaners, especially under strong light sources. The matte finish and increased texture, trap marks and streaks, making them more visible compared to the smoother surface of polished quartz. Usually, these marks can be removed with approved scrubs or cleaners. Polished finishes, however, offer extra protection. The polishing process crystallizes the material and smooths out most of the inherent micro pores, making the surface less susceptible to blemishes, and easier to maintain.
