

# ARIZONA TILE

# MOUNTAIN WHITE SATIN

**PRODUCT TYPE**

Marble

**ORIGIN**

Vermont, USA

**STOCKED FINISH**

Satin

**RECOMMENDED USES**

Commercial  
Residential  
Countertops  
Interior Wall  
Exterior Cladding  
Fireplaces  
Shower Walls

**STOCKED SIZE**

3/4" (2cm slab)

Mountain White is quarried from a gallery quarry in Danby, Vermont, USA. This Vermont White marble has a tight structure and is one of the most dense, white marbles in the market. The quarry, which is just outside Danby, Vermont, was opened over 100 years ago. From this quarry Arizona Tile offers Imperial Danby (Calacatta Sunrise), Montclair, Olympian White (Crystal Stratus), and Mountain White. There are three entrances into the mountain. This gallery quarry is the longest of its kind in the world at more than 1-1/2 miles deep. Another unique thing about this quarry is that the factory was built inside the mountain; therefore, there is no need to move the blocks off site for slab production. Due to the qualities of the stone, the slabs are book-matched; meaning slab one and slab two will be cut and brushed to create a mirror image of each other. These are then kept in sequence, which allows for a consistent flow in pattern. As a natural stone product it is recommended that it be sealed to extend its longevity.
