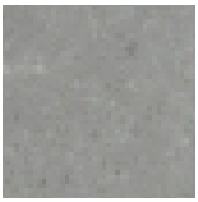
ARIZONA TILE

CONCRETE GREY

DELLA TERRA® QUARTZ



PRODUCT TYPE
Quartz

STOCKED SIZES
3/4" (2cm slab)
1-1/4" (3cm slab)

STOCKED SLAB SIZE
126" × 61"

RECOMMENDED USES
Commercial
Residential
Interior Countertops
*Interior Wall
Shower Walls

*Quartz is not recommended for fireplaces. For installation near cook tops and similar heat sources, installer must follow manufacturer recommended spacing requirements as well as thermal insulation adhesive.

Concrete Grey is a warm grey quartz that is reminiscent of natural limestone or concrete. With its subtle, organic detailing throughout, Concrete Grey takes on the visual characteristics of natural stone. However when installed, this material is very suitable to concrete-look installations as well. Della Terra® Quartz, a natural quartz surface, is a blend of nature and technology. It consists of up to 94% quartz, one of the hardest minerals in nature. Color controlled quartz is blended together with technologically advanced polymers. Della Terra® Quartz surfaces are ultra-durable, resistant to scratches and chipping, plus its dense composition makes it highly resistant to staining. Della Terra® Quartz should be used for interior surfaces only. During fabrication, it is recommended to use denatured alcohol rather than acetone to clean quartz slabs. However, if acetone is used, it should first be applied with a rag, wiping on and off immediately.
