ARIZONA TILE

CLASSICO

Classico 24 × 24

Classico 24 × 24

PRODUCT TYPE
Agglomerate Marble

STOCKED FINISH
Polished

STOCKED SIZE
24 × 24 × 1/2

STOCKED SLAB
126 × 63 × 3/4" (2cm Slab)

RECOMMENDED USES
Commercial
Residential
Interior Floor
Interior Wall
*Shower Walls

*It is recommended to have a soft joint on all inside joints to allow for expansion.

Classico is a polished agglomerate marble comprised of a white resin background embedded with grey marble chips. The term "agglomerate" means to collect or gather into a cluster or mass. In production, chips of marble are tumbled to round the sharp edges. The marble chips are then combined with resin and placed into a large rectangle tank to be cured into a block. The block is later cut into 3/4 inch slabs or 1/2 inch thick slabs to be cut into tile. As a product containing natural stone, it is recommended that it be sealed to extend its longevity.

For proper bonding, use Custom Building Products Prolite White, 30LB mortar or Laticrete-254 Platinum White thinset for large format agglomerate marble tiles. Proper thinset coverage is also necessary and in some cases, back buttering of the tile may be required.
