Fireplaces

Shower Walls

**Shower Floors

*Excludes 4 × 16 Split

**Honed Penny Round ¾ Mesh and Multi Finish Modella Mesh Only

Atlantic Grey is a brownish grey marble with dramatic variations of light to dark and pairs nicely with both warm and cool toned elements. The Multi Finish Modella Mesh mixes in textured and honed pieces. The Split 4 × 16 is a wall only install item and is intended to be installed closely together, without a grout joint, so grouting is not recommended. Please note, while the Atlantic Grey can be installed on exterior surfaces, do not install in freeze/thaw conditions.

This product will change from shipment to shipment; therefore, customer approval is required.

Piece to piece variation in shade or color are inherent in all natural stone products; therefore, when installing natural stone tile, it is recommended to mix tiles from several boxes at a time during installation to achieve the best range of color. As a natural stone product, it is recommended that this be sealed to extend its longevity.

For proper bonding LFT/LHT mortar for large format and heavy tiles should be used when installing tiles with dimensional length greater than 15 inches and rectangular shape and plank tile per industry standards. Proper thinset coverage is also necessary and in some cases back buttering of the tile may be required.
