Fireplaces

Shower Walls

These Chevron Mosaics provide a timeless element to any design. Created from various marbles, the neutral colors will complement almost any color palette.

When installing white stone, you must use a white thinset. Using a grey thinset will leave trowel lines and could stain the stone. Piece to piece variation in shade or color are inherent in all natural stone products; therefore, when installing natural stone tile, it is recommended to mix tiles from several boxes at a time during installation to achieve the best range of color. As natural stone products, it is recommended that these be sealed to extend their longevity. Finally, a mesh backing is adhered to the back of the stone.
