*Jade only, but not in
freeze/thaw conditions

**All colors but Jade not in freeze/thaw conditions

RECOMMENDED USES -

Dolomite White
Residential
Interior Floor
Interior Wall
Exterior Cladding
Fireplaces
Shower Walls

The Large Chevron is a honed mesh mount stone available in four colors. The application options are numerous but please note that the Jade, while it can be used in exterior applications, should not be installed in exterior freeze/thaw conditions.

There can be noticeable variances between pieces, so it is important and recommended that a range of this product be viewed before finalizing a purchase.

Piece to piece variation in shade or color are inherent in all natural stone products; therefore, when installing natural stone tile, it is recommended to mix tiles from several boxes at a time during installation to achieve the best range of color.

When installing white marble or dolomite you must use a white thinset. Using grey thinset will leave trowel lines and could stain the material. As a natural stone product, it is recommended that this be sealed to extend its longevity.
