Shower Walls

Shower Floors

*Atlantic Grey and Jade only, but not in freeze/thaw conditions

**Atlantic Grey and Jade not in freeze/thaw conditions

The Modella design is a multi finish mesh mount product which is a blend of both honed pieces and textured relief pieces. The modified rectangular design offers clean linear design aesthetic which can be used in a variety of spaces. Please note, while the Atlantic Grey and Jade can be installed on exterior surfaces, do not install in freeze/thaw conditions.

There can be noticeable variances between pieces, so it is important and recommended that a range of this product be viewed before finalizing a purchase.

Piece to piece variation in shade or color are inherent in all natural stone products; therefore, when installing natural stone tile, it is recommended to mix tiles from several boxes at a time during installation to achieve the best range of color.

When installing white marble you must use a white thinset. Using grey thinset will leave trowel lines and could stain the material. As a natural stone product, it is recommended that this be sealed to extend its longevity.
