2 x 2 Mosaic Mesh

STOCKED TRIM

3 x 12 SBN

D.C.O.F. WET: ≥ 0.42

P.E.I. RATING:

FROSTPROOF: yes

Trav Grey Matte

2 x 2 Mosaic Mesh

Trav series is a rectified glazed porcelain with the beautiful look of natural stone travertine. Because this material is a porcelain product, minimal maintenance is required.

There can be noticeable variances between pieces, so it is important and recommended that a range of this product be viewed before finalizing a purchase. This series is suitable for residential and commercial applications.

Piece to piece variation in shade or color are inherent in all fired clay products; therefore, it is recommended to mix tiles from several boxes at a time during installation to achieve the best range of color.

For proper bonding, LHT/LFT mortar for large format and heavy tiles should be used when installing tiles with a dimensional length greater than 15 inches, and rectangular shape and plank tile, per industry standards. Proper thinset coverage is also necessary, and in some cases, back buttering of tile may be required.

Trav Ivory Matte

2 x 2 Mosaic Mesh

Trav Sand Matte

2 x 2 Mosaic Mesh

When installing rectangular or square tiles 15 inches or longer with a staggered joint, it is recommended that the offset should not exceed 33%, unless otherwise specified by the manufacturer.

For packaging information, please contact your local Arizona Tile.

DCOF rating is a measurement of a tile's frictional resistance. It is the specifier's responsibility to ensure the chosen tile is appropriate for each interior and exterior application.

Please view actual material when making your selection, as the images on this page are only representative.
