1 × 1 Beak (White)
6 × 6 Cove Base (White)

RECOMMENDED USES

Commercial
Residential
Interior Wall
Fireplaces
Shower Walls

Subway tiles are a classic design choice that date back to the early 1900's when the 3 × 6 rectangular tiles were first used in the New York subway stations. Due to their popularity, homeowners began installing them in their residences in the 1920's. The shape is very versatile in it's application and the tiles can be used in both traditional as well as modern design installations. This series offers four neutral colors in the 4 × 16 tile as well as the pencil bullnose. White is available in all sizes and trim options: 3 × 6, 3 × 12, 4 × 16, pencil bullnose, bead, beak and cove base. It is recommended to use a coordinating grout color for all colors in the Arte series, contrasting grout colors are not recommended.

When installing rectangular or square tiles 15 inches or longer with a staggered joint, it is recommended that the offset should not exceed 33%, unless otherwise specified by the manufacturer.
