Pastel Denim Matte

The Pastel series is an Italian-made white body ceramic wall tile. This series provides a range of light pastel colors and the larger format is ideal for larger spaces be it residential or commercial. The color options make this a versatile series which can be used in multiple spaces without being redundant. Available in six matte colors, the White is also offered in a glossy finish.

For proper bonding, LHT/LFT mortar for large format and heavy tiles should be used when installing tiles with a dimensional length greater than 15" and rectangular shape and plank tile, per industry standards. Proper thinset coverage is also necessary, and in some cases, back buttering of tile may be required.

When installing rectangular or square tiles 15 inches or longer with a staggered joint, it is recommended that the offset should not exceed 33%, unless otherwise specified by the manufacturer.
