STOCKED TRIM

1/2 × 9-1/2 Pencil Bullnose

RECOMMENDED USES

Commercial

Residential

Interior Wall

Exterior Cladding

Fireplaces

Shower Walls

Steam Showers

Pool & Spa

The Terme series is an Italian glazed porcelain tile. All seven colors are available in a flat Glossy tile as well as a 3D Deco tile which is glossy but there is a matte finish on the raised edges that enhances the textured surface. For added visual impact, blend the Glossy and 3D Deco tiles to create a unique and dynamic look. For installations such as herringbone and chevron patterns, and for any installations with mixed finishes or that exceed the recommended offset percentage, please make sure matching calibers/sizes are used.

Because this material is a porcelain product, minimal maintenance is required. There can be noticeable variances between pieces, so it is important and recommended that a range of this product be viewed before finalizing a purchase.

Piece to piece variation in shade or color are inherent in all fired clay products; therefore, it is recommended to mix tiles from several boxes at a time during installation to achieve the best range of color. When mixing sizes within a series: shade, texture and calibration differences should be expected. This series is suitable for residential and commercial applications.

For packaging information, please contact your local Arizona Tile.

Please view actual material when making your selection, as the images on this page are only representative.
