≥40% PRE-CONSUMER
RECYCLED CONTENT**

The Trapez series is a trapezoid-shaped ceramic wall tile available in five versatile colors. This particular shape can be visually interesting by using only one color as well as offering many dynamic patterns by mixing two or more colors. See pages 2 and 3 for some pattern options. This series is suitable for residential and commercial applications.

There can be noticeable variances between pieces, so it is important and recommended that a range of this product be viewed before finalizing a purchase. Piece to piece variation in shade or color are inherent in all fired clay products; therefore, it is recommended to mix tiles from several boxes at a time during installation to achieve the best range of color.

For packaging information, please contact your local Arizona Tile.

Please view actual material when making your selection, as the images on this page are only representative.
