The Flash series is a ceramic wall tile with a gentle texture and soft glaze. Designed to emulate hand-crafted tile, Flash boasts a range of textures and slight glaze variation from piece to piece. Each of the eight colors feature a range of tonal variety. With an understated elegance, each of these details combine to create visual interest in any setting. Available in both a 5 × 5 and 3 × 12 size, this series offers many layout possibilities to add a distinctive design element to any project.

Because this product mimics a hand-made tile, there can be noticeable variances between pieces, so it is important and recommended that a range of this product be viewed before finalizing a purchase.

Piece to piece variation in shade or color are inherent in all fired clay products; therefore, it is recommended to mix tiles from several boxes at a time during installation to achieve the best range of color.

This series is suitable for vertical surface applications in both residential and commercial projects.
