- *2 × 2 Mosaic Mesh Only

D.C.O.F. WET: ≥0.42

P.E.I. RATING: 4

FROSTPROOF: Yes

Paros Black

Paros Navy

Paros White

Paros is an Italian made porcelain tile. This line offers a square and rectangle field tile plus two sizes of hex tiles and a 2 × 2 mosaic mesh available in three bold yet universal colors. Unleash your creativity with all of the design possibilities! Because this material is a porcelain product, minimal maintenance is required. When mixing sizes within a series, shade, texture and calibration differences should be expected. This series is suitable for residential and commercial applications.

For proper bonding, LHT/LFT mortar for large format and heavy tiles should be used when installing tiles with a dimensional length greater than 15 inches, and rectangular shape and plank tile, per industry standards. Proper thinset coverage is also necessary, and in some cases, back buttering of tile may be required.

When installing rectangular or square tiles 15 inches or longer with a staggered joint, it is recommended that the offset should not exceed 33%, unless otherwise specified by the manufacturer.

3 × 12 × 10mm Surface Bullnose (SBN)	N/A	30	N/A	N/A	N/A

DCOF rating is a measurement of a tile's frictional resistance. It is the specifier's responsibility to ensure the chosen tile is appropriate for each interior and exterior application.

Standard packaging quantities are noted above, but variances may occur.
