Concerto White

STOCKED FINISHES

Glossy
Matte

STOCKED SIZE

2-1/4 × 9-3/4

STOCKED TRIM

1/2 × 9-3/4 Pencil Bullnose

The Concerto series offers a wide array of neutral and smoky color hues. This color palette lends itself beautifully to many styles of design. Due to the breadth of color offerings, this series can be used in combination with natural stone or other tile series, including glass tile. Colors within the series can also be combined to create a customized and cohesive tile design. It is available in seven colors, all available in both a glossy and matte finish. A pencil bullnose trim piece is available and adds flexibility in application.

Please note that due to a size difference between the matte and glossy finishes in the Concerto series, it is not possible to blend finishes in the same installation. Piece to piece variation in shade or color are inherent in all fired clay products; therefore, it is recommended to mix tiles from several boxes at a time during installation to achieve the best range of color. This series is suitable for residential and commercial applications.

RECOMMENDED USES

Commercial
Residential
*Interior Floor
Interior Wall
Exterior Cladding
Fireplaces
Shower Walls
Steam Showers
Pool & Spa
*Matte finish only

DYNAMIC C.O.F. WET: ≥ 0.42 (matte)

P.E.I. RATING: 4

FROSTPROOF: Yes

Concerto Greige Glossy

For packaging information, please contact your local Arizona Tile.

DCOF rating is a measurement of a tile's frictional resistance. It is the specifier's responsibility to ensure the chosen tile is appropriate for each interior and exterior application.

Please view actual material when making your selection, as the images on this page are only representative.
